Essex County Youth Soccer is looking to grow the TOPSoccer program regionally. What is TOPSoccer? “The Outreach Program for Soccer” (TOPS).

**TOPSoccer** is a developmental program for children with physical and/or cognitive learning disabilities, with an emphasis on building skills, being active, developing sportsmanship, and having fun! A TOPSoccer session can be comprised of boys and girls from ages 5-20 who usually meet once per week with a dedicated coach and volunteers we call “Buddies” to work one-on-one or as needed with players to help provide additional instruction, redirect, or just shadow a player. All levels of ability are welcome. TOPSoccer is supported by both Massachusetts Youth and US Youth Soccer.

**If you or other representatives from your organization can attend, kindly complete the RSVP form [HERE](#) RSVP to Open House**
